

GS High Dilution Disinfectant 256

one step cleaner and neutral disinfectant

GS High Dilution Disinfectant 256 is a neutral disinfectant cleaner that offers economy and less frequent product container switch out. Just a ½ ounce of concentrate per gallon of water provides total cleaning, disinfection and deodorization in one labor saving, cost effective step.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

Spartan Chemical Company, Inc.

**NON-ALKALINE - NO RINSING
REQUIRED - LEAVES NO FILM**

The neutral pH, quaternary disinfectant cleaner is mild, and formulated to kill a broad spectrum of microorganisms without rinsing or leaving a film residue.

MULTI-SURFACE USES

GS High Dilution Disinfectant 256 is versatile. It can clean and disinfect a variety of hard, nonporous, inanimate environmental surfaces including: floors, walls, metal surfaces, stainless steel surfaces, porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets. GS High Dilution Disinfectant 256 is excellent for use in larger areas such as operating rooms and patient care facilities. This product effectively cleans floors without dulling the shine of floor finish.

GS High Dilution Disinfectant 256 can be used in a variety of businesses: healthcare, veterinary facilities, schools, child and adult day care, transportation terminals, office buildings, manufacturing facilities, lodging establishments, retail business, athletic/recreational facilities, sports stadiums, amphitheatres and convention centers.

DIRECTIONS FOR USE

Use GS High Dilution Disinfectant 256 for these application and more:

GENERAL CLEANING: Apply product to soiled area with a mop, cloth, sponge, or hand pump trigger sprayer. Product can be diluted at 1/2 ounce per gallon or applied at full strength. Thoroughly wet soiled surface and scrub as necessary.

DISINFECTION: To disinfect inanimate, hard, non-porous surfaces add 1/2 ounce of this product per gallon of water. Apply solution with a mop, cloth, sponge, or hand-pump trigger sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid.

For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

See product label for complete directions for use and more applications.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.
