

SparClean™

55

Delimer

SparClean Delimer quickly penetrates and breaks down even the most hard to remove lime and mineral deposits found in both low and high temperature dish machines. SparClean Delimer is a concentrated, non-foaming synergistic blend of Citric and Hydrochloric acid. Properly deliming a dish machine ensures longer machine life and decreased machine maintenance. For best results, SparClean Delimer should be used as part of a regular kitchen maintenance program.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

Spartan Chemical Company, Inc.

COLOR AND NUMBER SYSTEM:

Each SparClean product is color and number coded for easy product identification. All product references and labels reflect this color and number, making training short and simple.

PACKAGING:

All SparClean products are packaged in translucent 5-gallon pails and gallons. The clear packaging allows you to see exactly what remains in your container and enables timely reorder of your warewash products.

SUPPORT ACCESSORIES:

Several dispensing options are available to complement the SparClean warewash line of products. We will also smooth your transition with training materials such as a general application SparClean Warewash Wall Chart.

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS

Some individuals may be sensitive to ingredients in this product. Before use, read product label and MSD sheet. If questions remain, consult your employer or a physician. SparClean Delimer is not intended for manual dishwashing.

1. Drain and clean out dish machine.
2. Set machine dispenser to the DELIME setting or cycle.
3. Close drain valve and fill tank with hot water.

4. Add SparClean Delimer at 4 – 8 oz. per gallon of water.
5. Allow machine to run until lime deposits can be brushed or flushed away.
6. Rinse away residual lime deposits and drain tank.
7. Set dish machine to the RUN setting or cycle and use dish machine as normal.
8. For excessive lime buildup, pour ½ to 1 gallon of SparClean delimer into the wash tank and allow machine to run on the delime cycle.

NOTE: SparClean Delimer can be used as a hard surface delimer when diluted 2 to 4 oz. per gallon. Simply spray diluted mixture onto lime scale buildup, allow it to penetrate, and wipe off.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or at www.spartanchemical.com.

SPECIFICATIONS DATA:

- pH – Less than 1
- Color – Yellow
- Stability -
 - a. Shelf – One year minimum @ 24°C/75°F
 - b. Accelerated – 30 days minimum @ 49°C/120°F
 - c. Freeze/Thaw – Can withstand three freeze/thaw cycles
- Phosphate free
- Nonylphenol ethoxylate free
- EDTA free
- Contains biodegradable components
- Each SparClean product is formulated to comply with various regulations. Consult Spartan's Letter of Guaranty for specifics.
