

Professional Grade
AIRBORNE
Odor Counteractant

FORMULA

#60

Contains Airicide®

AIRx[®]

SUPER STRENGTH FOUL ODOR ELIMINATOR

Erases malodors from sickness, animals, human incontinence, garbage, smoke, etc.

RX60 is an all purpose, broad use Foul Odor Eliminator that is very concentrated and water soluble making it versatile for multiple applications. RX60 is formulated with AIRICIDE Odor Counteractant® to change the “geometries” of odorous molecules so they are not perceived as unpleasant. This special formulation is many times more effective than ordinary deodorizers on a much wider array of odors. RX60 works instantly to leave a pleasant residual effect as well.

To use, just pour, squirt or spray some RX60 on the

source of the foul odor. Due to RX60's water solubility, it can be added to cleaning solutions at any level desired to deodorize. Examples include carpet cleaning, rinse water, laundry rinse cycles and toilet cleaning solutions.

RX60 can even be diluted with water to make a refreshing deodorizing spray. It works quickly to counteract odors caused by animals, sickness, bathroom use, incontinence, food decomposition, cooking, cigar & cigarette smoke and many other odor sources.

Description

RX60 is a versatile water soluble odor counteractant in a highly concentrated form (1) to cure the most difficult of odor problems, (2) for longer lasting effectiveness, (3) for greater convenience in handling and storage; (4) It employs our exclusive Odor Counteractant AIRICIDE® to neutralize odors at their source and erase odors already in the air.

Uses

- Restaurants/Hotels - place a few drops in the bottom of waste baskets, garbage cans, garage disposal units, etc.
- Hospitals and Nursing Homes - place a few drops in diaper pails, soiled laundry hampers, bed pans & commodes, shower / floor drains, etc.
- Commercial & Hospital Laundries - place a few drops on heavily soiled laundry, especially surgical linen and garments from meat packing plants.
- Veterinary & Kennels - place a few drops on heavily soiled towels, in trash cans, animal waste containers and trash bins.

SUPER STRENGTH FOUL ODOR ELIMINATOR

Erases malodors from sickness, animals, human incontinence, garbage, smoke, etc.

Benefits

Counteracts foul odors the Airx way - Based on the well established scientific theory that if the size or shape of an odorous molecule is changed, the odor is no longer perceived as offensive.

Super strength – Many times the concentration and the lasting effectiveness of traditional deodorizers. Due to its high concentration, RX60 saves freight costs by shipping less water.

Convenient – High concentration allows packaging in a smaller size that can be easily carried by nurses and on house-keeping carts for ready availability.

Versatile – Counteracts foul odors from such varied sources as sickness, cooking, animals, smoking, food wastes, etc.

Water soluble – Easily mixes with water making RX60 ideal to add to cleaning solutions, rinse water, etc.

Directions

DILUTIONS:

- CARPET CLEANING RINSE WATER TANKS (0.5 OZ / GAL)
- LAUNDRY RINSE CYCLES (0.5 -1.0 OZ DIRECTLY TO RINSE WATER)
- TOILET CLEANING SOLUTIONS (0.5 OZ DIRECTLY TO SOLUTION)
- CAR WASH RECYCLE WATER TANKS (0.5OZ / GAL)
- DEODORIZING SPACE SPRAY (1-2 OZ / QT)
