Hormigón

DESCRIPTION

An ideal companion product for use with any high speed maintenance program. Regular use of this product keeps floors looking great day after day. Special proprietary ingredients bond to the surface of the floor to create an anti-slip surface, making it ideally suited for nursing homes, supermarkets, hospitals, schools and other public areas. This product effectively cleans the floor and restores floor finish. Highly concentrated for economical use dilutions, it can be mopped on or used through an automatic scrubber. Once the product dries to a haze, use a high speed burnisher to “pop” the gloss to a brilliant shine.

FLOOR COATING AND FINISHING
MATERIAL AS TO SLIP

TOPAZ

Anti-Slip Gloss Restorer

Scan for product's
Safety Data Sheet

FEATURES

- One step cleaner/maintainer
- Repairs scuffs and improves gloss
- Highly concentrated
- Improves traction

BENEFITS

- Time and labor cost savings
- Keeps floors looking great
- Low end use cost
- Less exposure to slip and falls

AREAS OF USE:

- Classrooms
- Healthcare facilities
- Office buildings
- Hallways
- Entrances
- Hospitals
- Vinyl Tiles
- Linoleum
- Terrazzo
- Quarry Tile
- Concrete

DESCRIPTION

An ideal companion product for use with any high speed maintenance program. Regular use of this product keeps floors looking great day after day. Special proprietary ingredients bond to the surface of the floor to create an anti-slip surface, making it ideally suited for nursing homes, supermarkets, hospitals, schools and other public areas. This product effectively cleans the floor and restores floor finish. Highly concentrated for economical use dilutions, it can be mopped on or used through an automatic scrubber. Once the product dries to a haze, use a high speed burnisher to “pop” the gloss to a brilliant shine.

DIRECTIONS:

Cleaning / Maintaining:

Dust mop all flooring and remove gum and adhesives. Dilute 1 part restorer to 16 parts cool water in the solution tank of the auto-scrubber or mop bucket. Auto-scrub or mop on all flooring using overlapping passes. If auto-scrubbing, dispense, agitate, and pick up the solution. Pick up any puddles with a clean damp mop. Allow to dry thoroughly. Burnish all flooring to clean and restore floor finish.

For Floor Restoring:

Dust mop all flooring and remove any gum or adhesives. Damp mop or auto-scrub floor with a neutral pH floor cleaner following label directions. Dilute 1 part restorer to 4 parts cool water in a mop bucket or auto-scrubber. Apply a thin, even coat on the surface. Do not pick up solution. Allow to dry thoroughly. Burnish all flooring to restore the floor to the ultimate “wet look” shine with a burnishing pad.

Note: Don't allow restorer solution to remain in the auto-scrubber tank. Drain and rinse.

This product meets the maximum content requirements for Volatile Organic Compounds (VOCs) as established by current State and Federal regulations.

SPECIFICATIONS:

Color:
Light Orange

Odor:
Fresh

pH:
8.0 – 9.0

Non-Volatile Solids:
8 - 10%

Viscosity:
Water thin

Foam:
Low

Recommended Dilution:
1:16

Slip Resistance:
Increases with regular use

Flash Point:
None

Storage/Stability:
2 years

Weight Per Gallon:
8.36 lbs./gal.

Freeze/Thaw Stability:
Keep from freezing

WARNING

HAZARD STATEMENTS

Causes eye irritation.
Causes mild skin irritation.

May be harmful if swallowed.
