DESCRIPTION

This unique product removes dirt, grime, and traffic film in one application. Instantly removes that tough layer of road soil and residue that seems to bond to vehicle surfaces. Can be applied with a pressure washer, steam cleaner, automatic car wash, or other available methods. Cleans right down to the paint without manual brushing. If using automatic brushes, this product will clean effectively and often faster than currently available products without brush damage.

FEATURES

- Film free
- Highly concentrated
- Versatile

BENEFITS

- Leaves no visible residue
- Economic use
- Many uses and flexible dilutions

AREAS OF USE:

- Cars
- Trucks
- Trailers
- Buses

DIRECTIONS

Dilute product using warm water according to guidelines below:

LIGHT SOIL: Use 1 – 2 oz. per each gallon of water.

MEDIUM SOIL: Use 2 – 4 oz. per each gallon of water.

HEAVY SOIL: Use 4 – 6 oz. per each gallon of water.

Do not allow product to dry on surface. For best results on vertical surfaces, apply product and pressure rinse from bottom up. After cleaning, rinse thoroughly from top down with water to wash away the loosened soils and leave the vehicle surface beautifully clean and bright.

These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used.

Wear rubber gloves if skin contact is likely, i.e. hand washing with sponge and bucket.
